20 PARDUBICE 20 EUROPEAN HORSE CITY

PARDUBICE – EUROPEAN HORSE CITY 2020

Throughout this year, Pardubice will be celebrating its long tradition of horse-breeding and horse-racing as the holder of the title 'European Horse City 2020'. Each year this prestigious title is awarded by the EURO EQUUS network to a different European city in recognition of its contribution to the continent's equestrian heritage. Holding the title is a great responsibility, as it commits the city to support the aims of EURO EQUUS – to preserve and develop the European heritage of horse-breeding and equestrian sport. The European Horse City becomes a focal point for this heritage, hosting a range of events which showcase the equestrian arts. The 2020 award is a great honour not only for the city of Pardubice, but for the entire region, which for centuries has been internationally renowned as a leading centre of horse-breeding and racing. So during 2020 you can enjoy numerous events with an equestrian theme – not only at Pardubice's legendary racecourse, but also at a range of other venues. Why not visit an exhibition about horses, or attend a series of talks with experts on horse-breeding and dressage. There will also be a horse-themed book fair at Pardubice's castle. Horses will be playing a huge role in Pardubice's life throughout 2020 – making the city a not-to-be-missed destination for all true horse-lovers.
